L. L. McKinnon.....	Foreman, Casket Factory
H. M. Dean.....	Foreman, Mattress Factory
Mrs. Mary Fellows.....	Supervisor, Sewing Room
Mrs. Juhl Shelfer.....	Matron, Nurses Home

To the Board of Commissioners  
of State Institutions,  
Tallahassee, Florida.

Gentlemen :

I present herewith the Report of the Florida State Hospital during the Biennium July 1, 1928 through June 30, 1930, the details of which are set forth in the various tabulations and reports of the Supervisors.

The population of the Hospital during this period has shown a net increase of 434. There were admitted during the period 3,066, and 56% of those admitted were released; there were treated during the period, 6,039, with a death rate of 11%, which is largely accounted for by the large number of senile cases we have received during this time.

We have endeavored to carry on, as the financial condition of the Hospital would permit, the improvements needed.

During the period of this report there has been little change in the Medical and Administrative Staff of the Institution. On February 28, 1929 Dr. W. F. Edwards resigned and on May 31, 1930 Dr. J. R. Saunders resigned. On August 4, 1929 our chief bookkeeper, Mrs. Homer B. Hirt, resigned and was succeeded by Mr. Frank D. Palsgraaf, and on December 27, 1929 Mr. Ralph A. Potts, who was in charge of the Cost-Accounting Department, resigned and was succeeded by Mr. D. D. Miles.

The cooperation during this period by the administrative staff and the employees as a whole has been responsible in a great measure for any improvement or advancement we have been able to make.

I wish also to express my appreciation for the splendid cooperation and valuable counsel furnished by the Board of Commissioners of State Institution, which has made it possible for us to administer our duties pleasantly, as well as much more efficiently.

Respectfully,  
J. Q. Folmar, M. D.,  
Superintendent.

## REPORT OF DENTAL DEPARTMENT

Dr. J. Q. Folmar,  
Superintendent.

Sir:

I submit herewith a report of the Dental Department for the period from July 1, 1928 to June 30, 1930.

The changes in the personnel of the Dental Staff have been as follows:

As per the provision made by the Legislature of 1929 for an additional Assistant Dentist, Dr. G. W. Farrior was added to the staff on July 15, 1929 and resigned Nov. 9, 1929, being replaced by Dr. L. A. McKinsey January 1, 1930. An additional young woman was employed on July 18, 1929, to be trained and to serve as a Dental Nurse.

There have been no changes in or additions to the general Dental Infirmary quarters, which with the additional personnel and broadened service are fast becoming inadequate for the work.

The Colored Infirmary has recently been discontinued, due to the fact that it had served its purpose, which was as a readily accessible point from which to carry on the work of clearing out diseased conditions in the mouths of the patients housed in the Colored wards. All replacements and constructive work must be carried out in the general Dental Infirmary because of equipment and facilities, and the Colored patients are given attention there on a day reserved for them.

Our service as a whole has broadened somewhat with the additional staff. Examinations are more detailed and complete. Our denture service is maintained on an extensive scale, more bridgework, both fixed and removable, is constructed and placed, and the number of fillings and other items of the service have increased.

The service to the employees has also been more extensive, attention being given them at no cost aside from actual value of material used.

The accompanying tabulations present a detailed record of the dental operations for this period:

	July 1, 1928 to June 30, 1929	July 1, 1929 to June 30, 1930
Examinations .....	1,502	1,397
Extractions .....	4,614	4,395
Prophylactic treatments .....	1,360	1,527
Palliative treatments .....	363	339
Irrigations .....	1,293	1,338
Denture preparations and adjustments .....	1,335	1,831
Dentures delivered .....	452	543
Crown & Bridge preparations and adjustments .....	291	571
Crowns and Bridges delivered .....	57	146
Dentures repaired .....	46	54
Bridges repaired .....	14	20
Fillings .....	978	949
Observations .....	2,136	3,000
Curètements .....	101	111
Hospital and Ward visits .....	1,399	1,177
Total operations .....	16,336	17,608
Total patients seen (sittings) .....	13,215	15,015
Completed indicated dental treatment for .....	1,697	1,706

I wish to acknowledge the complete co-operation accorded this department by the Superintendent, the Medical Staff and the heads of the different departments of the Institution,

Respectfully,

A. F. Douglas,  
Chief Dentist.

## REPORT OF SUPERINTENDENT OF NURSES

The Commencement of the Training School for Nurses for 1929 was held June 13th at 8:30 o'clock in the Recreation Hall, Dr. J. Q. Folmar, Superintendent, presiding. Four young ladies received diplomas, which were presented by Dr. J. C. Inman. The Hospital pins were delivered by Dr. J. H. Pound and the class address was delivered by Rev. W. P. Chalmers of Chathoochee, Florida.

The Commencement of the Training School for Nurses for 1930 was held May 29th at 8:30 o'clock in the Recreation Hall, Dr. J. Q. Folmar, presiding. Eight young ladies received diplomas, which were presented by Dr. J. M. Beggs. The Hospital pins were presented by Dr. J. C. Inman, and the class address was delivered by Mr. Brooks of the Department of Agriculture, Tallahassee, Florida.

### GRADUATES OF CLASS OF 1929

Miss Mabel Blair, R. N., Faceville, Georgia.  
 Mrs. Laura Collins, R. N., Thomasville, Georgia.  
 Mrs. Rubye Cox, R. N., Faceville, Georgia.  
 Mrs. Grace Knight, R. N., DeFuniak Springs, Florida.

### GRADUATES OF CLASS OF 1930

Miss Eunice Blair, R. N., Faceville, Georgia.  
 Miss Louise Felder, R. N., Faceville, Georgia.  
 Mrs. Aletha Farinas, R. N., Milton, Florida.  
 Miss Beulah Griffin, R. N., Fowltown, Georgia.  
 Miss Lois Holt, R. N., Blountstown, Florida.  
 Mrs. Julia Horne Johnson, R. N., Alliance, Florida.  
 Miss Mattie Lou McDonald, R. N., Bonifay, Florida.  
 Miss Grace Reed, R. N., Bainbridge, Georgia.

R. E. MORGAN,  
Laboratory Technician.

## REPORT OF CHIEF STEWARD

Dr. J. Q. Folmar,  
Superintendent.

Sir:

I submit herewith report for the period beginning July 1, 1928 and ending June 30, 1930.

By reference to Tables No. 1 and 2 you will note the per capita cost of the maintenance during the period of this report. There have been many improvements made during the Biennium by the erection of new buildings, remodeling some of the old buildings, and additions made to various ones commensurate

with the needs, which are set forth in the reports of the Construction Supervisor and Chief Engineer.

Respectfully,

Glen F. Wright,

Chief Steward.

### **RECREATION**

We have endeavored to carry on such entertainment and furnish facilities for the pleasure of the patients as conditions would permit. There have been material improvements made in the Library facilities, as well as recreational advantages, throughout the Institution, which have given considerable pleasure to the patients and added some toward relieving the monotony of the duties of the employees.

We have continued to provide picture shows on Monday and Tuesday nights, dances on Friday night, and have been able to maintain an Orchestra, which has furnished appropriate music necessary for any occasion.

In season we also have a baseball team, which provides probably as much real recreation for the patients as any other one thing we have been able to do for them.

### **OCCUPATIONAL THERAPY**

This is a very material part of the treatment of certain types of mental cases, and this department has been improved in that we have been able to furnish more spacious, as well as more comfortable, quarters for carrying this work on.

In the women's department the patients are furnished practically every type of needle work, rug making, novelty making, basketry and painting. In the men's department this is carried on in the form of building caskets, furniture, brooms, mops, tailoring and shoe repairing, all of which has not only benefited greatly the patients who have participated, and been instrumental in the cure of a considerable number, but has enabled the Hospital to enjoy certain furnishings, etc., which might not have been had otherwise.

## REPORT OF CHIEF ENGINEER

Dr. J. Q. Folmar,  
Superintendent.

Sir:

I submit herewith report of the Engineering Department for the period beginning July 1, 1928 and ending June 30, 1930.

The steam power plant has operated continuously.

The water turbines have furnished power for pumping water except while water head was not great enough.

The electric plant has operated continuously except when lines have been damaged by lightning and while making high tension connections.

The refrigerating plant has functioned very satisfactorily, running every day, supplying all the ice required and keeping cold storage rooms at proper temperatures.

We have installed and added to plants:

One 511 HP Erie City Water tube boiler and one turbine driven pulverizer.

One 350 HP Fleming Harrisburg Engine directly connected to 240 KW-2300 volt GE Generator complete with exciters and switchboard.

Five boilers have been changed from hand firing to pulverizers driven by electric motors.

One No. 8-8 stage conicle water pump electrically driven by 50 HP motor, one 16 x 9 x 12 Steam Smith Vaile Underwriters fire pump, one 500 GPM Worthington pump working against 100 lb. pressure electrically driven by 50 HP motor, one 70 GPM Centrifugal electrically driven by 10 HP motor installed furnishing drinking water and water for making ice for hospital and supplying water for the towns of Chattahoochee and River Junction.

Two electrically driven boiler feed pumps.

One electric welding generator.

One steam operated vulcanizing shop.

One filtering hot well.

Plumbing fixtures installed as follows:

74 Sections range toilets.

52 Low tank toilets.

88 Lavatories.

72 Shower baths.

8 Bath tubs.

41 Sanitary drinking fountains.

9 Sinks.

5 Waste sinks.

8 30 gal. hot water tanks.

1 1,000 gal. hot water tank.

4 570 gal. hot water tanks.

12 Septic tanks.

4 Aluminum steam cooking pots.

1 Iron steam cooking pot.

2 Sterilizing dish washers.

16 Bath rooms have been reworked, in addition to the above.

The Colored Male Building, Art Room, White Female, New White Male, Commissary and New Hospital heating systems have been reworked and necessary radiation added. The radiators were manufactured here.

14 hose connections each equipped with 50'-2" linen hose installed in New White Male Building.

7 steam pressers and one roll for mangle manufactured and installed for laundry.

One 10-ton crane manufactured and installed for foundry.

One 100 HP steam engine and one five roller cane mill installed at syrup works.

One 30 HP boiler installed at dairy for sterilizing.

One 60 HP boiler installed for saw mill.

One new supply pipe to water tanks installed.

800' 8" water main has been laid.

2000' 2½" rubber lined fire hose racked and distributed throughout the institution.

One 6" Neptune water meter and three fire plugs have been installed.

2400' 4" terra cotta sewer pipe laid.

750' 6" terra cotta sewer pipe laid.

Electric equipment installed as follows:

7 motors.

6 suction fans.

11 telephones.

22 miles telephone line constructed.

3-37½ KVA transformers.

10 cottages wired.

10 electric hot water heaters.

8 2000 watt hot plates.

1 electric cake mixer.

The Colored Male Building has been rewired with conduit.

The following buildings have been wired:

New addition to power house, addition to foundry, dairy, bird farm, and slaughter house.

The foundry cast 4,970 pounds of brass, 101,676 pounds iron into sash weights, gears, pressing machines, etc.

The Garage has maintained thirty-seven cars and two tractors.

This department has also done all repair work in its several fields, which constitutes quite an item in itself.

Respectfully submitted,

J. L. Davis,  
Chief Engineer.

## **REPORT OF CONSTRUCTION DEPARTMENT**

Dr. J. Q. Folmar,  
Superintendent.

Sir:

Kindly accept this as a report of the Construction Department for the period beginning July 1, 1928 and ending June 30, 1930.

This department has manufactured lumber and other materials used in the erection and completion of the new buildings and repairs on old buildings as listed below:

### **NEW CONSTRUCTION**

Five dwellings.

One concrete reservoir.

One machine shop and additional unit to Power House.

One concrete dairy barn with fireproof asbestos roof.

One observation ward nearing completion.

### **ADDITIONS, ALTERATIONS, ETC.**

Repair and painting of Nurses' Home throughout.

Repair and painting of interior of Colored Male Wards.

Repair and painting of interior and exterior of White Female Wards.

Improvements have been made on both Base and Receiving Hospitals.

White Male Wards are now under repair—new interior being put in.

Unit has been added to foundry.

All buildings have been repainted where it was deemed necessary.

### **MISCELLANEOUS ARTICLES MANUFACTURED**

145 chairs.

Many cabinets and wardrobes.

The Cement Block Factory has operated successfully and continuously, furnishing blocks for buildings constructed.

Saw and Planer Mills have been in constant operation, manufacturing lumber as shown in table herewith.

The Repair Department has had four men constantly employed in the proper maintenance and repair of the many buildings.

Respectfully submitted,

H. W. Ross,

Foreman

**REPORT OF CASKET FACTORY**

July 1, 1928 to June 30, 1930.

Dr. J. Q. Folmar,  
Superintendent.

Sir:

I submit herewith report of Casket Factory for the biennial period.

The following tabulation is an outline of the finished products manufactured:

325 Adult caskets.  
14 Children caskets.  
546 Coffins.  
7 Metal lined shipping cases.  
351 Wood shipping cases.  
12 Casket display trucks.  
7 Tables for morgue.  
15 Oil Cloth casket covers.  
339 Paper casket covers.  
2 Dental instrument cabinets.  
1 Fire screen.  
29 Patterns for foundry.  
1 Hearse body and top.  
1 Baby bed.

## Articles repaired:

- 1 Banjo.
- 13 Caskets.
- 3 Auto bodies.
- 1 Piece furniture.
- 1 Dental desk.
- 1 Bus door.

Respectfully submitted,

L. L. McKinnon,

Foreman.

**FINANCIAL STATEMENT FOR PERIOD BEGINNING  
JULY 1, 1928 AND ENDING JUNE 30, 1930:**

## Table No. 1.

**MAINTENANCE ACCOUNT**

### FARM REPORT

Dr. J. Q. Folmar,  
Superintendent.

Sir:

I submit herewith report covering the period from July 1, 1928 to June 30, 1930, as shown by the Tables attached, with the exception of the following crops lost in the freeze of 1929:

Rutabagas, 35 acres.  
Beets, 6 acres.  
Lettuce, 1 acre.  
Rape, 25 acres.  
Cabbage, 30 acres.  
Onions, 3 acres.  
Radishes,  $\frac{1}{2}$  acre.  
Mustard, 3 acres.  
Collards, 5 acres.  
Turnips, 5 acres.

Respectfully submitted,

W. C. Vason,  
Supervisor.
